

# CONGRATULATING JAMES BISH, CONGRESSIONAL APP CHALLENGE WINNER

(Ms. KAPTUR asked and was given permission to address the House for 1 minute.)

Ms. KAPTUR. Mr. Speaker, today I rise to congratulate the winner of the Ohio Ninth Congressional District's second annual Congressional App Challenge, James Bish, of Bay High School in Bay Village, Ohio.

James' app, called Anonymous FRQ Grading, is an impressive tool for teachers and students to submit responses to essay questions free of bias in evaluation. James' application received strong scores in each phase, from concept to design to the skills shown to produce it.

The judges for this year's competition included computer science professionals and scholars from across the district, such as Max Herzog from the Cleveland Water Alliance and Kelly Zelesnik from Lorain County Community College.

I am amazed by the strong showing of submissions and participation from across the district that we received this year. Developing STEM education must be a priority not only within our community but across our Nation as well, and the Congressional App Challenge is an opportunity to foster such critical skills.

I offer my sincerest congratulations to James Bish on his win and thank him for the impressive and important work that went into creating this app. And I thank James' teacher at Bay High, Rob Grossman, who provided guidance and mentorship to James during this challenge.

## PROTECTING INFANTS WHO SURVIVE ABORTIONS

(Mrs. WAGNER asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. WAGNER. Mr. Speaker, today I rise to implore my colleagues to join me in the fight to protect the most vulnerable in our society, infants who survive abortions.

Again and again, more than 75 times, Democrats have refused to even allow a vote on my legislation, the Born-Alive Abortion Survivors Protection Act. This, Mr. Speaker, is shameful.

Every child should be welcomed with joy and wonder, no matter the circumstances of their birth. I will not stop working until this legislation is passed and signed into law, so all newborns have a chance at life.

Just 2 hours ago, Representative KAT CAMMACK filed a discharge petition so that Democrats can't continue to block the Born-Alive Act. It is my sincerest hope that every Member of Congress, Democrat or Republican, finds the courage to add their name to this petition. This is the simplest decision that any of us can make. Do you support ba-

bies receiving lifesaving care after they are born, or would you deny these children that care and murder them or leave them to die in front of you?

I am challenging Congress to stand up and do the right thing. I urge my colleagues to sign the discharge petition to ensure no American child is denied medical care.

## HUMANITARIAN CRISIS AT OUR SOUTHERN BORDER

(Mr. MURPHY of North Carolina asked and was given permission to address the House for 1 minute.)

Mr. MURPHY of North Carolina. Mr. Speaker, last week, some of my Doctors Caucus colleagues and I took a trip to the southern border to observe the ongoing humanitarian crisis. What we saw was nothing short of tragic.

The bottom line is that the situation stems from several key Biden policies that have created an incentive for migrants to cross the border illegally. President Biden abolished the Remain in Mexico policy despite the fact that it helped migrants avoid numerous dangers. The policy was accompanied by his administration's moratorium on deportations, not abiding by title 42's expressed purpose.

Let there be no mistake, no one gets into this country without the expressed permission of drug cartels at our southern border. Not only are illegal immigrants coming in, but drugs, weapons, and human trafficking are coming now in record numbers.

Even worse, this crisis falls on terrified unaccompanied children. I will never forget seeing a 4-year-old with nothing on her back except her clothes and a telephone number written in Sharpie upon her chest.

Only securing our border will end this crisis. I ask the Biden administration to return to the previous administration's border policies.

## HOUSE CHINA TASK FORCE

(Mr. LAHOOD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAHOOD. Mr. Speaker, last year, I was proud to serve on the House China Task Force with a number of my Republican colleagues. Over six months through engagement and consultation with national security and trade officials, foreign policy experts, the business community, and government officials, we compiled and unveiled a comprehensive report with more than 400 policy recommendations for how to address the existential challenges posed by China.

Addressing the challenges posed by China will be one of the greatest issues Congress and our country face in the decades to come. As we confront these issues, bipartisan work is needed. The China Task Force report provides a

roadmap with specific policy ideas and goals regarding how the U.S. can better combat the threat of the Chinese Communist Party. Two-thirds of the legislative recommendations are bipartisan; and, overall, more than one-quarter of the recommendations have already become law or have been implemented by the prior Trump administration.

As members of the Ways and Means Committee, we authored important provisions of the report that will help return American intellectual property and critical supply chains to the United States. We also included legislation to reform and strengthen the World Trade Organization to level the playing field for American trade.

Mr. Speaker, to preserve and grow national economic security, we need to act. I ask everyone to read the report and work with us to get this done in a bipartisan way.

## CELEBRATING 100TH BIRTHDAY OF RALPH JOHNSON FROM CHEROKEE, IOWA

(Mr. FEENSTRA asked and was given permission to address the House for 1 minute.)

Mr. FEENSTRA. Mr. Speaker, I rise today to celebrate the birthday of Ralph Johnson from Cherokee, Iowa, who turned 100 years old on Monday.

Ralph is a member of the Greatest Generation, serving in the Navy during World War II. He truly embodies the bravery, courage, and selfless sacrifice of an American patriot, working as a head mechanic in the Pacific theater.

If you talk with Ralph, he will tell you harrowing stories about his service, like the time the Japanese flew so low over his ship, he could see the pilot's face.

On behalf of a grateful nation, we thank Ralph for his service and sacrifice.

Mr. Speaker, I would also like to take a moment to recognize Linda Sommerfeld and David Scott, who made Ralph's special day great.

Happy birthday, Ralph. We wish you many blessings.

## DEMPSEY WAGNER IS KEEPING LEE COUNTY, IOWA, SAFE

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Mr. Speaker, I rise today to thank a young girl in my district for her charitable actions this year.

For their birthday, most 6-year-olds ask their parents for gifts—a dollhouse, a puppy, or a trip to Disney World. But Dempsey Wagner of Lee County has decided to use her special day to raise funds to help keep Iowans safe.

Dempsey, who tragically lost two relatives to drowning in 2017, is using her sixth birthday to help raise money for the Lee County Rescue Boat. The rescue boat, along with a trained dive
